Full Sun

Plant performs best with a minimum of 6 hours of sun per day and can handle full day of sun

Full Sun to Part Sun

Plant performs best with a minimum of 4-6 hours of sun per day

Full Shade

Plant performs best with less than 3 hours of sun per day. Shade during hot afternoon sun

**Full Shade to
Part Shade**

Plant performs best with 4-6 hours of shade. Any sun should be in the morning, evening or filtered. Shade during hot afternoon sun.

Sun to Shade

Plant thrives in both sun and shade. May be less vigorous in shade
